Watchman on the Wall Report

In a modern military there are many types of watchmen. Some physically stand guard, others watch through electronic or satellite surveillance etc. The many different forms of watchmen put together risk assessments for the leaders and people to use in their planning.

In a similar way there are a variety of spiritual watchmen that are focused on different aspects to give risk assessments to help us plan our spiritual lives. I am one of those watchmen. My watch area is comparing Daniel 11 and other prophecies to current events to give ongoing risk assessments to explain what is going on in our world and to help people prepare for what is likely coming.

Based Daniel 11 and Revelation 11 & 13 I expect the following basic scenario. Radical Islam (King of the South) will attack Israel and the Christian world. The Pope (King of the North) will call for military action against radical Islam. The USA and NATO will supply the military force and will enter Israel. Radical Islam will be defeated and moderate Islam will follow the Christian world in fighting against radical Islam. Some Muslims will follow Jesus and the Bible. We will have a short time of peace to share the gospel and huge numbers of people will follow God. The Papal led Christian world will then turn on the true followers of Christ and God will pour out the last plagues and deliver His people. This is what I have in my mind as I watch current events and give warning messages to God's people.

In 2014 this scenario began to take place. The Islamic State Caliphate was begun. On their first day they said they were targeting Rome, less than 6 weeks later the Pope called for military action and 2 days later the USA attacked as requested by the Pope. At that time I told people they should be on alert because the prophetic scenario was in progress. The challenge is we don't know how long it will take or, if and when God will place a hold on the events by holding back the winds of strife because His people are not ready (Rev.7). Trump came into office and wanted to destroy radical Islam from the face of the earth. As he was taking down ISIS, radical Iran was becoming more and more of a threat. Then it nearly exploded in late December of 2019 to early January 2020. Trump had the 2nd most powerful man in Iran killed and in response Iran attacked the US forces in Iraq and Syria. Trump had said that he would make an all out attack against Iran if any Americans died in their attack. Miraculously no one died and the threat of all out war between the sides faded away.

At the time I was warning people that the situation was right for possibly completing the scenario. But, God put a hold on things and we just kept moving along through time with what appeared to be a lower threat level for the next several years. During that time I realized that the radical left and radical Islam actually support each other in a kind of "time of the end alliance". I encouraged people to keep watch on that.

Now with the attack of Hamas on Israel radical Islamist all over the world are excited and the global radical left has been very openly supportive of Hamas (radical Islam) and very anti Israel. The USA is currently putting forces and equipment into position to support Israel. The USA has even asked that Israel delay its ground attack on Hamas so the US can get more weapons and people into position for the massive expansion of the conflict that the US government thinks is likely. This includes increasing conflict with Iran, other Islamists, Russia, China and N. Korea. As I watch what is going on I believe we currently have the most probable conditions for completing the scenario that I have ever seen. This does not mean that the end is here. It means that it is likely that the closing scenes could happen quickly.

Here is what I am watching for:

1. King of the North Alliance (US & Nato) entering Israel. At this time the US and NATO forces are on standby to this very thing.
2. Egypt to radicalize and be overthrown by the King of the North Alliance. The Muslim Brotherhood and radical Muslim group won the last free election, and the ordinary people in Egypt are very supportive of Hamas at this time.

What to do:

Make sure that you are completely surrendered to God and you have given all your sins to Jesus for forgiveness.

Bring your life into complete harmony with everything you know that the Bible teaches. Live to please God more and more and self less and less. As a result you will have a great inner peace that those who live for self will never have.

Share your faith and Bible truth every chance you get. Daily ask God to bring you someone to share His love and truth with.

Live like Jesus is coming very soon. What would you be doing differently if you really knew Jesus was coming very soon? Would you lose anything of eternal importance by living like that now? So, why not live that way now?

As a watchman I can tell you that things appear to be moving in the area prophetic fulfillment. I am hopeful for an end of sin and suffering. Even so come Lord Jesus!

Eagle Adventist Christian School & Preschool

This is starting a busy time of year!

In addition to all the normal school learning ...

Preschool & Kindergarten have both been making fall projects like making leaves and carving pumpkins.

Ms. Jean's class has been busy making thank you pictures for the Apple Orchard we went to, the Firemen that visited us Fire Prevention Month and also for Pastor Dan who had our week of prayer.

Ms. Messecar's class made some applesauce and juice after we went to the apple orchard. They also are going to be making bread to take to the neighbors with an invitation to join us for our Thanksgiving Dinner.

The school students will all be helping to make food for our annual **Thanksgiving Dinner on Nov. 16th at 6:00pm in the school gym**. Even the little ones help out with peeling carrots and potatoes! Make sure to join us. Just bring a pie...

They also are going to be learning songs and parts for the **Christmas program on Dec. 9th at 11:15am**. The whole school is involved in putting on the church service for the day.

Don't miss these two special events!
